WIRELESS BRIDGE HIGH POWER AP/CPE

IDG-356

Design For Simple

Simple Installation

The included universal joint and pole bracket do your good help

Anti-Interference Performance

4.9-5.8Ghz, less interference more stabilization

Free From Setting

Set up your network easily by DIP function

Free From Maintain

Smart security system clears out the memory termly

MODEL	IDG-356
Power	27dBm
Transmission Rate	300M
Chipset	AR9344+SIGe5012B
Frequency Band	4900-6100MHz
Polarization	Vertical, hORIZON
RAM	64MDDR2
Antenna Increase Ratio	18dBI
Standard	IEEE802.11a, IEEE802.11n
Operation Temperature	-30~65°C
Storage Temperature	-50~80°C
management System	Web Management, Snmp Mib, Telnet
MMAC control	Yes
Encryption	WEP64/128bits, WPA, WPA2,802.1x
Power Supply Standard	12 - 24V
Dial Switch	Yes

APPLICATION

FARM

TOWER CRANE

CONSTRUCTION FIELD

DRIVING SCHOOL
